

### Performing Arts Careers

- Actor
- Drama Director
- Lighting Technician

# PERFORMING ARTS THEATRE

## Overview

The **Performing Arts-Theatre** Pathway is ideal to help students explore the worlds of classical and contemporary drama and learn practical performance skills as an actor. The courses center on the basic principles of voice and movement for actors, improvisation, developing historical knowledge and creating theatre pieces. Students who complete the pathway endorsement can seek roles in a wide variety of sectors, including acting performance, theatrical design, playwriting, stage management, directing and teaching.
